About Deepak-:

Deepak's birth history shows that he is born in the full term normal hospital delivery. During the birth the child is not cried and not able to suck the mother's milk. So the relatives fed the child using alternative feeding. The parents and relatives took the baby to various hospitals, at first they treated in Chetpet, Baby Hospital-Chennai, Baby Hospital - Pondicherry, the baby is provided with medication to manage the convulsion for six years.

At the time of admission in the Learning Centre Deepak is not able to use his upper limb for hold the article and not able to use it normally. The spasm affected the lower limb also which leads difficulty to walk normally for a long distance. His communicative skill also affected.

The physiotherapy strengthen the lower limb muscles and now he can able to walk independently. The special education session makes him to learn numbers 1-100, he can able to write 2's 5's & 10's numbers, he can able to write the addition tables 1-10. He can able to do the simple addition and Subtraction Maths.

He is doing the 2nd standard curriculum of the normal schooling. He can able to read, write, and answer the Tamil Book of 2nd Standard. The communicative language is not improved so far, he is having difficulty to speak - he can able to communicate by sign language.

The sense of reasoning is improved - he can able to identify the shapes, colors and rupee handling.

Quarterly once our staff conducts Evaluation of each individual child. Now Deepak is getting regular therapy in the school. He learnt balance and Fine Motor Activities. We observed that Deepak is more active here in the school rather than own house.

Morning Class-: improvement observed

- Speech Therapy materials
- Understanding Liters, kg, (weight scales)
- Others can put button in her shirt.
- Now she is able to eat foods by own hand

Re-Integration of children with their family:

Thiagarajan is restored with his family with a technical education and campus job selection. He completed his 3 years technical Diploma in Automobile Engineering course. The results announced and still he has arrear papers to attend, even though he is provided with the opportunity to work in the company and to complete his Diploma course. In future he can develop his carrier by improving his technical skill in his job and he can also study further.

After completion of 12th Standard the children and family has many dreams and ideas to do the higher studies. The parents and the children are demanding to support expensive higher studies course. We also has to apply to various Government Institutions (Anna University for Engineering courses counseling, Counseling for Medicine & Para Medicine courses, counseling for the Arts & Science Groups and many other Institutions) to get the appropriate higher education course.

Prasanth completed his 12th Standard and the results are published, his parents approached us to discuss about the higher education and to apply to the various institutions. We shared them the information that we have to get approval from LFDC for the higher study support which will take time. In the meanwhile the parents decided that they can try to find the appropriate higher study course for him, so they express their willing to take back their son to their family, considering the willing of the boy and the family members the boy is restored with the family on 6th April 2016.

P. Sasikala completed her 12th Standard and the results are announced, she had less interest in the higher studies, we had discussion and counseling with the girl. She shared that she is willing to go with the family members and try to find out suitable studies for her. With her willing and the family members also accepted for it, she is restored with the family on 7th April 2016.

E. Selvaperumal, (Parameswari's younger brother) completed his 12th Standard. He expressed his willing to study the Four years professional Engineering course. We informed him and Parameswari that we wrote to LFDC for the approval and waiting for it. Parameswari shared the information that as she is earning now she is trying to support his brother's education, so she and her sister are expressed their willing to tack back the boy to the family and they want to support with the university education. We felt very happy that our support (Parameswari's education) gives her strong hope, confident and independency to lead the family and support her brother's education.

The former staff Anjgam's sons A. Manigandan & A. Meyyadurai are staying and having all their basic rights in Rainbow Life with their mother. After completion of the examinations she shared the information that she would like to get 2nd marriage and she wants to leave the job. She also expressed her willing that she wants to tack back her two children along with her, she feels that she will be comfort with her children in the new life. We counseled her to ensure the life and took back her children, but she is so confident and took back her children on 28th April 2016.

The uncle of the boy Vikram submitted his willing to the Child Welfare Committee to take back the boy. The Probation Officer allowed him to tack back the boy, as the boy is sent by the Child Welfare Committee last year, we are oblige to send the boy along with his uncle as per the guidance. He is restored with his uncle on 25th May 2016.

Six Students went home just after finishing their Annual examination. Prashant went along with his grandfather on 06.04.2016.Sasikala went home along with her Aunty and grandmother on 12.04.16. Thiagarajan went home along with his father just after his 3rd year diploma. Manigandan & Meiya durai went home along with his mother after information of CWC.
